

FREE Basic Construction Methods & Operations Training

Thanks to a grant provided by Northampton County Department of Economic Development, Northampton Community College will be providing **FREE** training to enhance the skills of current home construction employees or prepare new employees for employment. The program will include hands on instruction in basic construction methods and operations, including:

- hand and power tools
- framing and applications of trim
- drywall and wall repairs
- door and window installation
- ladder and scaffolding safety
- building code awareness

Candidates successfully completing the program will earn an OSHA 10-Hour Outreach Training for Construction card. An employer day will also be included so participants will have the opportunity to network and interview with potential employers.

Program Requirements

Candidates must:

- Be at least 18 years of age.
- Have dependable transportation.
- Have basic reading and math skills.
- Be a Northampton County resident.
- Attend the mandatory information session.

Participants will be qualified once the requirements are met and following the interview process.

Program will be held at the Fowler Family Southside Center. To be notified when the mandatory information session is open for registration, please email Heather Ehritz at hehritz@northampton.edu.

This Project was financed by a grant from the federal Department of Treasury, Coronavirus State Fiscal Recovery Funds, under the administration of the Commonwealth of Pennsylvania, Department of Community and Economic Development.
