Mail

Each resident will be assigned a mailbox number and key. The mailboxes are located in the lobby of the residence hall. Mail is delivered and picked up at the residence hall once a day, Monday-Friday. We recommend that you do not send cash in the mail.

MAILING ADDRESS:

Resident's Name
Northampton Community College
3835 Green Pond Road Mailbox # _____
Bethlehem, PA 18020

Cable

Basic cable services are included within each room/apartment. Students must provide their own television and coaxial cable for hook-up.

Internet Access

Basic web access is available for each resident. Students are responsible for providing their own computers with current anti-virus software already installed.

Support:

NCC staff cannot modify or attempt to repair a non-functioning computer. Repairs are the responsibility of the student. NCC is not responsible for the security of the data on student computers. Students are responsible for securing their computer with the latest software patches for their operating system and applications, and anti-virus updates. (Any computer showing signs of an active virus will have its network connectivity immediately suspended. In these situations students should contact the Support Center for further instructions.) Questions regarding Computer Configuration Guidelines, contact the NCC helpdesk at 610-861-5413 or e-mail helpdesk@northampton.edu.

Restrictions:

The following are not allowed on or from computers attached to NCC-SUN: File sharing software (e.g., KaZaA, Morpheus, WinMX). Servers containing copyrighted material

(software, MP3 files, etc.). Excessive amounts of data, either inbound or outbound. Web servers containing commercial content or for commercial purposes. Mail server (you cannot run a mail server on your computer). Hosting of web cams Providing network connections to anyone else. (You may allow someone else to use your computer; however, you cannot extend the network to other people.) Ping attacks or other "denial of service" attacks on other computers. Servers and or programs that use large amounts of bandwidth. Attempting to access computers you do not have accounts on. Xbox and many other games are not supported.

Telephone Service

Students must provide their own phone or caller ID ready system. Local phone services, provided by the College, are included in each room and apartment. Residence Hall rooms and apartments have a phone line with voice mail and caller ID. Long distance phone service can be accessed by using calling cards. Long distance service cannot be purchased through the College or phone service providers.

Microwaves/Microfridges:

- Apartment and Residence Hall rooms are not equipped with microwaves or microfridges.
- Apartments are each equipped with one 5 cubic ft. refrigerator.
- Apartment/Residence Hall students may bring residential grade microwaves/microfridges

Moving In
