Program Notes:

The Accounting Specialized Diploma is intended for students who may already have a college degree but who wish to acquire accounting skills or begin taking steps toward achieving the CPA. To learn more about the requirements of reaching CPA licensure, you can visit [PICPA.org](https://www.picpa.org)

Students will be required to use spreadsheets in their upper level accounting courses. Thus, it is highly recommended that students complete CISC101 before enrolling in any sophomore accounting courses.

If a student plans to pursue an associate degree, placement for English and Math will be required.

***It is the student's responsibility to be knowledgeable of NCC graduation requirements and to verify transfer requirements with the 4-year institution. Courses listed on the program map are based upon the assumption that prerequisites and courses taken in previous semesters will be successfully completed.**
