Northampton Community College is concerned about the safety and welfare of all individuals who study, work, and visit our campus sites. We believe that every student, employee and visitor has the right to be part of an environment which is safe and does not tolerate misconduct. The mission of the Department of Public Safety is to provide a safe learning and working environment for our campus community through respectful, courteous and professional service.

The Department of Public Safety is responsible for policy enforcement, security and emergency response on the campus, and is guided by our department values of PROFESSIONALISM, INTEGRITY, RESPECT, EXCELLENCE, COMMUNITY and EQUALITY. The Department is under the leadership of the Chief of Public Safety, supported by the Assistant Chief, and reports to the Vice President of Student Affairs. The department is open and staffed 24 hours a day/7 days a week at the Bethlehem Campus, and during normal operational hours at the Monroe and Fowler campuses. The department is staffed by ten full-time officers, fifteen part-time officers, an administrative assistant and two part-time dispatchers. Our officers patrol all campuses day and night by foot and car, covering over 27 buildings, including student housing, spread out over 270 acres.

To be successful in providing the highest degree of public safety services on the campus, it is important that community members follow good safety practices and understand that safety is a shared responsibility. This includes using the escort service, locking your valuables, and reporting suspicious/criminal activities. The Department of Public Safety takes a leadership role in this area, and includes educational programs on campus safety, preventative patrols, incident investigation, crime reporting, fire safety and prevention, crime prevention, and community-policing. Our Public Safety Officers are Act 235 certified and are certified to carry firearms. They receive over 56 hours of training in firearms, use of force and Active Attackers. Full-time uniformed supervisors and patrol officers are required to be Red Cross-trained as emergency medical responders, which includes first aid, CPR and the use of an AED.

This publication is intended to provide you with information on educational programs, safety practices, crime statistics, and policies regarding the reporting of emergencies and campus crime rates. It is the primary objective of the Department of Public Safety to work collaboratively with campus community members in our collective efforts to continually enhance the safety of the campus environment, thereby affording opportunities for community members to work, live, study, and personally and professionally develop both intellectually and socially. Should you have questions, comments, or suggestions regarding the information contained within this publication or any related public safety policies, procedures, or operations, please feel free to contact the Chief of Public Safety at (610)-861-5588. With this in mind, the following information has been prepared so that the entire college community is aware of campus safety measures and crime statistics. This information conforms to both state and federal reporting requirements.

Respectfully,

[Signature]

Keith A. Morris
Chief of Public Safety
Campus community members - students, faculty, staff, and guests - are encouraged to report all criminal actions, emergencies, or other public safety related incidents occurring within the College’s Clery geography to the NCC Department of Public Safety in an accurate, prompt, and timely manner.

The College’s Clery geography includes:

**On-Campus** – Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and is frequently used by students, and supports institutional purposes.

**Residence Halls** – Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

**Public Property** – All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

**Non-Campus** – Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

The Department of Public Safety strongly encourages the accurate and prompt reporting of crimes. Accurate and prompt reporting ensures Public Safety is able to evaluate, consider and send timely warning reports, disclose crimes through ongoing disclosure processes such as the posting of crimes in the Daily Crime Log and accurately documenting reportable crimes in its annual statistical disclosure. Northampton Community College further encourages accurate and prompt reporting to the Department of Public Safety and/or the local police when the victim of a crime elects to, or is unable to, make such a report. This publication focuses on the Department of Public Safety because it has primary responsibility for patrolling the Northampton Community College campus and it has been designated as the institution’s primary reporting structure for crimes and emergencies. However, criminal incidents or incidents off campus can be reported to the Bethlehem Township Police Department for main campus, Bethlehem Police Department for the Fowler Campus, and the Pocono Township Police Department for the Monroe Campus. There are a number of ways for campus community member to report a crime, serious incidents or other emergencies:

Response to Reports

The Department of Public Safety headquarters answers campus community calls for all campuses 24 hours a day/7 days a week. Public Safety procedures require an immediate response to emergency calls, and the department works closely with a full range of borough and county resources to assure a complete and timely response to all emergency calls. The Department of Public Safety responds to all reports of crimes and/or emergencies that occur on-campus, adjacent to campus within its public property reporting area, or within a campus-controlled, -owned, -operated, and/or -recognized facility, building, residence hall, or area. Public Safety personnel also have the ability to notify Northampton County dispatchers of emergency situations occurring on-campus.

To obtain information or request any public safety services, community members should call (610)-861-5588. Located throughout campus are well-marked exterior phones. These phones provide a direct line to the Department of Public Safety. When placing an emergency call, remember to stay on the line and wait for the dispatcher to end the call. These exterior phones should be used when seeking information and/or reporting activities – to include criminal incidents. If a member of the community finds any of these phones inoperative or vandalized, they should notify the Department of Public Safety so that the phone can be repaired or replaced as quickly as possible.

If a sexual assault or rape should occur on campus, staff on scene, including the Department of Public Safety, will offer the victim a wide variety of resources and services. This publication contains information about on- and off-campus resources and services and is made available to the NCC community. The information regarding “resources” is not provided to infer that those resources are “crime reporting entities” for Northampton Community College.

As mentioned, crimes should be reported to the Department of Public Safety to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to the Northampton Community College counseling center would not be known to the Department of Public Safety, a campus security authority (CSA), or other College official.

Online Incident Reporting Form

Crimes can also be reported through the College’s See It Report It Stop It online reporting form at: See It Report It Stop It

RESPONSIBILITY OF THE NCC CAMPUS COMMUNITY FOR THEIR OWN PERSONAL SAFETY

Safety at NCC is a shared responsibility and members of the campus community must assume responsibility for their own personal safety and the security of their personal property. Community members are also encouraged to assist others when possible. The following precautions provide guidance:

- Report all suspicious activity to public safety immediately. *(contact numbers on page 3)*
- Never take personal safety for granted.
- Try to avoid walking alone at night. Use the Department of Public Safety escort service.
- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, phones, etc.) unattended.
- Carry your keys at all times and do not lend them to anyone.
- Lock up bicycles and motorcycles. Lock car doors and close windows when leaving your car.
Always lock the door to your residence hall room, whether or not you are there. Be certain that your door is locked when you go to sleep, and keep windows closed and locked when you are not at home.

**DO NOT PROP INTERIOR OR EXTERIOR DOORS.**

- Do not leave valuables in your car, especially if they can be easily noticed.
- Engrave serial numbers or owner’s recognized numbers, such as a driver’s license number, on items of value.
- Inventory your personal property and insure it appropriately with personal insurance coverage.

**Voluntary Confidential Reporting:**

If crimes are never reported, little can be done to help prevent other members of the community from also being victimized. We encourage NCC community members to report crimes promptly and to participate in and support crime prevention efforts. We also encourage NCC community members to report crimes when the victim is unable to make the report. The college community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the College or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report and Annual Fire Safety Report. In limited circumstances, the Department may not be able to assure confidentiality and will inform you in those cases.

**Confidential Reporting:**

Students may make confidential reports to Pastoral Counselors and/or Professional Counselors assigned to the Counseling Center. Pastoral Counselors and Professional Counselors in their capacity and function do not make identifiable reports of incidents to the Official On-Campus Resources unless the student specifically requests them to do so; however, the College encourages counsellors, if and when they deem it appropriate, to inform students they can report incidents of crime to the Department of Public Safety, which can be done directly or anonymously through the anonymous reporting process as outlined below.

**Anonymous Reporting:**

If you are interested in reporting a crime anonymously, you can utilize the college’s See It Report It Stop It online reporting form, which does provide an anonymous reporting option. The online form can be accessed here: [See It Report It Stop It](#). Typically, the origins of these reports will not traced as to who submits the form, unless there is a risk to public safety.

While anonymous reporting is available, the College’s ability to investigate and appropriately address allegations of crime or misconduct will be significantly limited. Crimes reported confidentially to the counseling center or pastoral counselors are not disclosed in the College’s crime statistics or reporting processes, unless those crimes are reported to Public Safety through the facilitated anonymous reporting process.
Reporting to Other Campus Security Authorities: (CSA’S)

While the College encourages all campus community members to promptly report all crimes and other emergencies directly to the Department of Public Safety at 610-861-5588, or to 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities” (CSAs). The Act defines these individuals, among other individuals, as “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as a person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

STATISTICAL DISCLOSURE OF REPORTED INCIDENTS

Incidents reported to the Department of Public Safety that fall into one of the required reporting classifications as defined by the Clery Act and Pennsylvania Uniform Crime Reporting (UCR) Act will be disclosed as a statistic in the appropriate crime table within this annual security and fire safety report published by Public Safety.

REPORTING A CRIME TO LOCAL POLICE AGENCIES

A person reporting a crime to the Department of Public Safety has the right to report the crime to the local police agency that has jurisdiction of the campus. The Department of Public Safety regularly discussed this option with victims of a crime and will assist the victim with that process.

Individuals also have the right to report directly to the local police agency and not notify the public safety department. A list of agencies and contact information is below. Any emergency can also be reported by dialing 911.

OFF-CAMPUS CRIME

If any of the local police agencies are contacted about criminal activity off-campus involving a Northampton Community College student, the police may notify the Department of Public Safety. Students in these cases may be subject to arrest by the local police and college disciplinary proceedings through the Office of Student Affairs.

MONITORING OF NON-CAMPUS STUDENT ORGANIZATIONS

NCC does not have any non-campus student organizations.
PUBLIC SAFETY AUTHORITY AND JURISDICTION

Public Safety Enforcement Authority:

The Department of Public Safety is responsible for providing security services for all of Northampton Community College campuses. Public Safety Officers and staff are responsible to NCC for the enforcement of College policies and Federal and State laws for campus administrative purposes only. Public Safety investigates campus criminal incidents for administrative purposes as they relate to its campus judicial process. Criminal incidents may be investigated for possible criminal prosecution by the local police department or other law enforcement agency with jurisdiction.

Public Safety Arrest Authority:

Department of Public Safety personnel are non-sworn public safety personnel for Northampton Community College and have no official powers of arrest authority. The Department of Public Safety will summon support from the appropriate local law enforcement agency or other applicable law enforcement entities to affect an arrest on or within campus-owned, -controlled, -leased, or -recognized property.

Public Safety Jurisdiction:

Public Safety’s jurisdiction encompasses on-campus property that includes campus residence halls, buildings, and/or facilities; designated non-campus long term properties and facilities that are within Bethlehem Township for main campus, Pocono Township for Monroe Campus, and the City of Bethlehem for Fowler Campus, and reasonably close to the main or core campus; public property adjacent to and accessible from on-campus property; and leased, rented, or otherwise recognized and/or controlled buildings, spaces, and/or facilities that are also within the previously listed jurisdictions.

Public Safety has no jurisdiction or enforcement authority outside of its identified Clery reporting geography – this includes areas and/or properties that are not owned, rented, leased, recognized or otherwise controlled by the College.

PUBLIC SAFETY’S WORKING RELATIONSHIP WITH LAW ENFORCEMENT AGENCIES

The Department of Public Safety maintains a close working relationship with the Bethlehem Township Police Department (main campus), Pocono Township Police Department (Monroe Campus) and City of Bethlehem Police Department (Fowler Campus), and other surrounding police or law enforcement agencies, at the local, state and federal level. Public Safety is comfortable with and capable of reaching out to these responsive law enforcement entities for support and assistance as it relates to the safety and security of the each of the campuses.

Public Safety officers and local law enforcement officers communicate regularly on the scene of incidents that occur in and around the campus, and work closely with investigators when incidents arise that require joint communication efforts.

The Department of Public Safety presently has not entered into any MOU’s with the listed agencies.
SECURITY OF AND ACCESS TO COLLEGE FACILITIES

Academic and Administrative Buildings:

All of Northampton Community College campuses are open to the public. The majority of academic and administrative buildings are usually open during normal business hours (typically Monday through Friday, from 8am to 6pm, except holidays) and are typically secured during the late evening hours, depending upon special event scheduling and community usage. Each campus does have limited weekend hours. Library hours at each campus can fluctuate, but are typically open later for campus community access. Public Safety Officers regularly patrol the interior and exterior of all campus facilities. All sensitive lab areas require controlled access. Some labs may be accessed off hours by presenting a valid “Lab Pass” to a Public Safety Officer. Other “off hours” access arrangements may be made through the responsible academic division.

Residence Halls:

Access to the residence hall is restricted to only those NCC students that are residents and authorized staff. The residence hall operates under a computerized access control and security monitoring system, whereby an access card is required to enter the residence hall, or a key fob for an apartment.

A public safety officer is assigned to work and patrol the residence hall during the week from 6pm to 2am, enforcing both campus and residence hall policies. Residence Hall professionals and student staff, reside in the residence hall and also enforce policies and security measures.

Maintenance of Campus Facilities:

Northampton Community College facilities and landscaping are maintained in a manner that minimizes hazardous conditions. The Department of Public Safety regularly patrols the campus and reports malfunctioning lights and other unsafe physical conditions to Facilities Management for correction. Campus community members can additionally report hazards directly to Facilities Management through an online service response reporting process. The campus’ overall safety and security program is supplemented by a variety of technological systems including: access control; closed circuit television; emergency phones; and fire detection, suppression, and reporting systems. Other members of the College community are helpful when they report equipment problems to the Department of Public Safety or Facilities Management.

NOTIFYING THE COLLEGE COMMUNITY ABOUT CRIMES

Timely Warnings:

In an effort to provide timely notice to the campus community in the event of a Clery Act Crime that may pose a serious or ongoing threat to members of the community, the College issues “Timely Warnings.” The College may issue a Timely Warning for the following: arson; aggravated assault; criminal homicide; domestic violence; dating violence; robbery; burglary; motor vehicle theft; sexual assault; hate crimes; and stalking. The College may also issue a Timely Warning for alcohol, drug, and weapon arrests or referrals that may cause a continuing threat to the community. The Department of Public Safety will distribute these warnings through a variety of ways, including but not limited to emails, posters, web postings, and media. The College also has the ability to send text message alerts to those who register their cell phone numbers.

The purpose of a Timely Warning is to notify the campus community of the incident in a timely manner and to provide information that may enable the community to take steps to protect themselves from similar incidents. The message will not include names of victims, which will be held confidential. The College will issue Timely
Warnings considering on a case-by-case basis the following criteria: (1) one of the above listed crimes are reported; (2) the perpetrator has not been apprehended; and (3) there is a substantial risk to the safety of other members of the campus community because of this crime. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor. The College may also issue an alert in other circumstances, which may pose a significant threat to the campus community. At NCC, the Chief of Public Safety will generally make the determination, in consultation with other college offices, if a Timely Warning is required. For incidents involving off-campus crimes, the College may issue a Timely Warning if the crime occurred in a location used and frequented by the college population.

Emergency Notification:

Northampton Community College is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus that poses an immediate threat to the health and safety of campus community members. NCC will immediately notify the campus community upon confirmation of an emergency or dangerous situation. NCC uses the emergency notification system, Omnilert, to provide alerts, along with the mass notification system ALERTUS. Omnilert is an emergency notification service available to students, faculty and staff. Omnilert can be used to send emergency messages within minutes of the occurrence of an incident. Omnilert is available for all campus locations and can be signed up for here: https://northampton.omnilert.net/subscriber.php

In the event of an emergency, Omnilert works with ALERTUS, in order to provide immediate notification, not just through text and email, but also through ALERTUS boxes located across each campus. ALERTUS boxes can be found in all classrooms and most public spaces, and will provide an audible and visual alert, along with important information. ALERTUS also has IP mass notification capabilities, so the alert will show up on all network computers as well.

When on-duty Public Safety officers become aware of a situation that may warrant the issuing of an immediate notification, the on-duty Public Safety Officer confirms (through response, investigation, or collaboration with emergency responders) that there is a significant emergency and then immediately contacts the Chief of Public Safety or an Assistant Chief of Public Safety, who quickly evaluates the situation to determine if an alert is warranted, develops the content of the notification message, and then identifies the appropriate segment or segments of the campus community who will receive the notification. The Chief of Public Safety or the Assistant Chief of Public Safety has the ability and authority to issue an alert without delay and without further consultation with any other College official. Notification message content is determined based on the type of incident, the context with which it is occurring, and the immediate danger or threat to the campus community and the need to advise campus community members to take action. The College will endeavor to make such notification sufficiently specific so as to enable recipients to take an appropriate response to the threat. Pre-canned messages have been prepared as part of the emergency notification system to aid in rapid communication processes. In situations lacking the presence of an imminent threat, the Chief of Public Safety or an Assistant Chief of Public Safety consults with the President, Vice President for Student Affairs, and/or other college offices, prior to an alert being issued. When an immediate emergency notification is sent out the College is not required to send a timely warning based on the same circumstances; however, the college will provide adequate follow up information to the community as needed.

Follow-up notices/communications will be provided as necessary during an active incident and may be provided by the Chief of Public Safety, or the Assistant Chief of Public Safety. When a threat is neutralized or effectively removed, campus community members will be appropriately informed via all or some of the aforementioned communications methods.
Speed and accuracy of the information are of utmost importance in issuing emergency notifications. To expedite this process and ensure each message contains essential information, the mass notification system contains pre-scribed templates for the most probable or highest impact emergencies. These messages identify the situation, allow for input of the location, and identify the immediate protective action that should be taken. The individual authorizing the message will select the most appropriate template. In those cases where there are no predetermined templates in the system, the individual may use the “alert” template to craft a specific message. The goal is to ensure people are aware of the situation and they know the steps to take to stay safe.

We encourage employees, students and members of the surrounding campus community to enroll in NCC’s Omnilert notification system. The system is an opt-in system, and therefore the student and/or employee must sign-up for alerts. They are encouraged to visit the NCC Omnilert portal at https://northampton.omnilert.net/subscriber.php and add phone numbers and additional e-mails.

Drills, Exercises, and Training:

To ensure the campus emergency management plans remain current and actionable all campus sites conduct at least one test/drill exercise annually. Each test is documented including a description of the exercise, the date, time and if the exercise was announced or unannounced. These exercises include, but are not limited to seminars, drills, tabletops, functional, and full scale. The campuses conduct after-action reviews of all emergency test/drill exercises. During these exercises the College community will be alerted utilizing at least one or all alerting systems; (Fire alarms, Text alerts, alertus beacons, campus desktop alerts, emails, social media and Public Safety staff) Emergency response procedures will be followed for all tests/drills and training exercises and will be publicized as part of the annual test/drill.

Daily Crime and Fire Log

The Department of Public Safety maintains a combined daily Crime and fire log of all incidents reported to them. Each day a log is published which identifies the type, general location, date and time reported, date and time occurred and current disposition if known of each incident reported to the Department of Public Safety.

The Daily Crime and Fire Log for the most current sixty days is available to view during regular business hours at the Public Safety office or online at: https://www.northampton.edu/about/public-safety.htm. Any portion of
PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Department of Public Safety publishes this report to inform the NCC community about campus security policies and initiatives to prevent and respond to crime and emergencies. This report complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and uses information maintained by the Department of Public Safety, as well as information provided by other college offices such as Student Affairs, Residence Life, Student Conduct, and Campus Security Authorities. An annual written request for Clery Crime information is made to local law enforcement agencies (Bethlehem City, Bethlehem Township, Pocono Township, and Easton Police) also any law enforcement agencies with jurisdiction for international and domestic non-campus property locations.

A written request for statistical information is made at least on an annual basis to all Campus Security Authorities or CSAs (as defined by federal law). CSAs are also informed in writing and/or through training to report crimes to the Department of Public Safety in a timely manner so those crimes can be evaluated for timely warning purposes. A Campus Security Authority or CSA is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into an institutional property)
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Statistical information is not requested from, nor is it provided by, Professional Counselors of the Counseling Center or Pastoral Counselors who are performing that function and role as their employment with the College. Professional Counselors and Pastoral Counselors are not required by law to provide statistics for this compliance document. Counseling and Pastoral Professionals, as defined by the Federal law, who act in such capacities, have been advised that, while they are not obligated to report crimes for the purpose of compiling these statistics, they are encouraged, when they deem it appropriate, to inform the persons they are counseling of their ability to report any crimes to the Department of Public Safety for inclusion in the annual statistics. The Counseling Center and Pastoral Counselors facilitate anonymous reporting, as outlined earlier in this Annual Security and Fire Safety Report.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings, and on property owned, leased or controlled by Northampton Community College. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol, and other drugs.

By October 1 of each year, the College distributes a notice of the availability of this Annual Security Report to every member of the College community. Anyone, including prospective students and employees, may obtain a
Specific Information about Classifying Crime Statistics:

The statistics in this brochure are published in accordance with the definitions and many of the standards and guidelines used by the FBI Uniform Crime Reporting (UCR) Handbook, National Incident-Based Reporting System (NIBRS), relevant federal law (the Clery Act), and applicable State law (the Pennsylvania Uniform Crime Reporting Act).

The Pennsylvania Uniform Crime Reporting (PAUCR) Act:

The Pennsylvania Uniform Crime Reporting Act mandates the release of crime statistics and rates to matriculated students and employees, and, upon request, to new employees and applicants for admission. The index rates are calculated by multiplying the actual number of reported offenses by 100,000 (a theoretical population for comparison purposes) and dividing that product by the number of the College’s Full Time Equivalent (FTE) students and employees. The statistics in Table One reflect the number of incidents reported to the College’s Department of Public Safety (but do not include reports from other campus security authorities, referrals from campus disciplinary authorities, or reports from local law enforcement, as required for Clery reporting in Table Two). They do not indicate actual crime prosecution or student disciplinary action, or the outcome of either. These State crime classification statistics are reported to the Pennsylvania State Police on an annual basis for publication in the Crime in Pennsylvania (Uniform Crime Report).

Example:

\[ \frac{6,617}{100,000} = 0.06617 \]
\[ \frac{9}{0.06617} = 136.01 \]

The jurisdiction population for the college is based on student FTE’s and FTE equivalent employees. (Jurisdiction population changes with every term.)

Jurisdiction Population:

2021 – Student FTE: 5646/ Employee FTE: 0971 = 0.06617
2020 – Student FTE: 6409/ Employee FTE: 1107 = 0.07516
2019 – Student FTE: 7132/ Employee FTE: 1139 = 0.08271

Clery Act Reporting:

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crimes reported on and around their campuses. The Department of Public Safety collects the Clery crime statistics disclosed in the following charts through a number of methods.

Public Safety maintains a close relationship with all police departments where NCC owns or controls property to ensure that crimes reported directly to these police departments that involve the College are brought to the attention of Public Safety. In addition to collecting Clery crime statistics from local police departments, all reports of crime incidents made directly to the Department of Public Safety are entered into a records management system. The entries are recorded in the system in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook.
(sex offenses only). To ensure each report is appropriately classified in the correct crime category, after a report is entered in the system, a department administrator reviews the report to ensure it is appropriately classified. The department also periodically examines data in the system for appropriate classification.

The statistics reported in the following charts generally reflect the number of criminal incidents reported to the various campus security authorities. The statistics reported for the subcategories on liquor laws, drug laws, and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

The College will continue to assess the needs for fire safety improvements in the Residence Facilities as well as campus wide. There are no specific plans in place at this time.

**Fire Safety Training:**

Residents will receive information on fire safety and evacuation procedures during New Resident Orientation and at Floor/Apartment meetings. On-line fire safety education is also available to residents. *All new residents in the Apartments are required to participate in scheduled Fire Safety Training session within the first 3 weeks of each semester. Failure to do so may result in reassignment to the Residence Hall.*

COLLEGE POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

The U.S. Department of Education has issued regulations implementing the provisions of the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. These regulations require that the College distribute information annually to you in writing concerning the possession, use, or distribution of alcohol and illicit drugs at the College.

The Drug-Free Workplace Act of 1988 (P.L. 100-690) and the Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-206) require that each college and university receiving federal financial assistance provide annually the following information in writing to all students and employees:

A. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of its activities.
B. A description of the applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol.
C. A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.
D. A description of the four major areas to reduce prescription drug abuse.
E. A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students.
F. A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with local, state and federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

A. Standards of Conduct:
   1. **Students:** The unauthorized use, distribution, or possession of any controlled substance or illegal drug or alcohol in violation of Pennsylvania State Law on NCC premises or at activities sponsored by or affiliated with the College is in violation of the Student Code of Conduct.
2. **Employees:** The sale, purchase, transfer, use or possession of illegal drugs by employees on College premises or while on College business is prohibited. Further, the use of any legally obtained drug, including alcohol, to the point where such use adversely affects the employee’s job performance, is prohibited.

B. **Criminal Sanctions under Local, Pennsylvania, and Federal Law:** The following description is a summary only and is not a substitute for legal advice. Anyone wishing legal advice should consult an attorney.

1. **City of Bethlehem, Bethlehem Township, City of Easton and Pocono Township:** Public consumption of alcoholic beverages and possession of open containers of alcoholic beverages in a public place or in an automobile is illegal and punishable by law. Punishment includes a $100 fine or thirty days’ imprisonment (or both) for the first offense; a $300 fine or sixty days’ imprisonment (or both) for the second offense; and a $600 fine or ninety days’ imprisonment (or both) for the third and each subsequent offense.

2. **Commonwealth of Pennsylvania:**

   **Alcohol:** A person less than 21 years of age commits a summary offense if he or she attempts to purchase, consume, possess, or knowingly and intentionally transport any liquor or malt or brewed beverage. Violation of this law is punishable by fines up to $500, imprisonment up to 90 days, and mandatory loss of driving privileges in the Commonwealth of Pennsylvania. Misrepresentation of age to purchase alcohol is also punishable by fines up to $500, imprisonment up to one year and loss of driving privileges. Altering, selling, or manufacturing false identification is punishable by a fine of up to $1,000 (first offense) and up to $2,500 (second and subsequent offense) plus loss of driving privileges. Selling or furnishing alcoholic beverages to those under 21 is punishable by a mandatory fine of up to $1,000 (first offense) and $2,500 (second and each subsequent offense). All persons, while in the Commonwealth of Pennsylvania, are subject to the Pennsylvania Liquor Code and Crimes Code.

   Pennsylvania law provides that a person with a blood alcohol content (BAC) of .08% or greater who operates a motor vehicle is considered driving under the influence and is subject to prosecution under Pennsylvania law.

   A more complete summary of Pennsylvania laws and penalties related to alcohol may be found on the Pennsylvania Liquor Control Board’s website at: [http://www.lcb.state.pa.us/portal/server.pt/community/pennsylvania_liquor_control_board/17476](http://www.lcb.state.pa.us/portal/server.pt/community/pennsylvania_liquor_control_board/17476)

   **Drugs:** *The Controlled Substance, Drug Device and Cosmetic Act, 35 Pa. C.S.A. 780-101 et seq.*, establishes five schedules of controlled substances based on dangerousness and medical uses. It prohibits the manufacture, distribution, sale or acquisition of controlled substances except in accordance with the Act as well as acquisition by misrepresentation, forgery, or the knowing possession of controlled substances unlawfully acquired.

   Penalties for first-time violators of the Act range from 30 days imprisonment, $500 fine, or both for possession or distribution of a small amount of marijuana or hashish, not for sale, to 15 years or $250,000 or both for the manufacture or delivery of a Schedule I or II narcotic. A person over
eighteen years of age, who is convicted for violating the Act, shall be sentenced to a minimum of at least one-year total confinement if the delivery or possession with intent to deliver of the controlled substance was to a minor. If the offense is committed within 1,000 feet of the real property on which a college is located, the person shall be sentenced to an additional minimum sentence of at least two years total confinement.

The Pharmacy Act of 1961, 63 Pa. C.S.A. 390-8 makes it unlawful to procure or attempt to procure drugs by fraud, deceit, misrepresentation or subterfuge or by forgery or alteration of a prescription. The first offense is a misdemeanor, with a maximum penalty of one year's imprisonment, a $5,000 fine, or both.

The Vehicle Code, 75 Pa. C.S.A. 3802 et seq., which was amended effective July 1, 1977, prohibits driving under the influence of alcohol or a controlled substance, or both, if the driver thereby is rendered incapable of safe driving. A police officer is empowered to arrest without a warrant any person whom he or she has probable cause to believe has committed a violation, even though the officer may not have been present when the violation was committed. A person arrested is deemed to have consented to a test of breath or blood for the purpose of determining alcoholic content, and if a violation is found it carries the penalties of a misdemeanor of the second degree, which includes imprisonment for a maximum of 30 days.

3. Federal:

The Federal drug laws, The Controlled Substances Act, 21 U.S.C. 801 et seq., are similar to the Pennsylvania Controlled Substance, Drug, Device, and Cosmetic Act, but contain, for the most part, more severe penalties. Schedules of controlled substance are established, and the law prohibits the knowing or intentional manufacture, distribution, dispensing, or possession with intent to distribute or dispense a controlled substance. If the quantity of controlled substance is large (e.g. 1,000 kg. of a mixture or substance containing marijuana), the maximum penalties are life imprisonment, a $4,000,000 fine, or both.

Lesser quantities of controlled substance (e.g. 100 kg. of a mixture or substance containing marijuana) result in maximum penalties of life imprisonment, a $2,000,000 fine, or both. The distribution of small amounts of marijuana for no remuneration or simple possession of a controlled substance carries a maximum of one year's imprisonment, a $5,000 fine, or both, with the penalties for the second offense doubling. Double or triple penalties are imposed against persons 18 or older who distribute to persons under the age of 21. Double penalties also apply to the distribution or manufacture of a controlled substance in or on or within 1,000 feet of the property of a school or college.

Students who have been convicted under a state or federal law prohibiting the possession or sale of a controlled substance are ineligible for federal student aid for specific periods (ranging from one year to an indefinite period depending on the nature of the offense and whether the student is a repeat offender).
C. Health Risks:

1. Alcohol:

The following information pertaining to alcohol is from What Works: Schools Without Drugs, U.S. Department of Education (1992): Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including partner and child abuse.

Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person’s ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs, such as the brain and the liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than others of suffering health related problems.

2. Prescription Stimulant Medicines:

*Short-term effects:* Increased alertness, attention, energy; increased blood pressure and heart rate; narrowed blood vessels; increased blood sugar; opened-up breathing passages. In high doses dangerously high body temperature and irregular heartbeat; heart failure; seizures.

*Long-term effects:* Heart problems, psychosis, anger, paranoia.

*Examples:* Commercial names: Adderall, Benzedrine, Concerta, And Ritalin. Street names: Bennies, Black Beauties, Crosses, Hearts, LA Turnaround, Speed, Truck Drivers, Uppers, JIF, MPH, R-ball, Skippy, Vitamin R.

3. Depressants:

*Short-term effects:* Small amounts can produce calmness and relaxed muscles, while larger doses can cause slurred speech, staggering gait, and altered perception.

*Long-term effects:* Confusion; depression; loss of coordination; tolerance (physical and psychological); overdose may cause coma or death; can be lethal when combined with alcohol.
Examples: Alcohol, prescription drugs like Valium and Xanax, sleeping pills.

4. Hallucinogens:

*Short-term effects:* Unpredictable, depending upon dosage and user’s personality, mood and expectations. Hallucinations; panic; irrational behaviors since drug blocks pain receptors (which can lead to increased risk of accidents and injuries); muscular condition worsens; senses dulled; speech blocked and incoherent.

*Long-term effects:* Flashbacks (certain aspects of LSD experience recur even though user is not taking drug); tolerance; overdose can lead to convulsions, coma and death.

*Examples:* LSD, PCP, DMT, STP, mescaline.

5. Inhalants:

*Short-term effects:* Act directly on central nervous system to produce mind-altering effect; slows down body functions; alcohol-like effects such as slurred speech, loss of coordination; euphoria, dizziness; hallucinations and delusions.

*Long-term effects:* Kidney abnormalities; liver damage; memory impairment; attention deficits; diminished non-verbal intelligence; death resulting from heart failure, asphyxiation, or aspiration; addiction.

*Examples:* Glue, lighter fluid, cleaning fluids, and paint products.

6. Marijuana:

*Short-term effects:* Sensory distortion; Increase in heart rate with possible anxiety/panic; decreased reaction time; poor coordination of movement.

*Long-term effects:* Respiratory and lung problems; immune system suppression personality and mood changes; and lower levels of the sex hormone testosterone and an increase in abnormal sperm count in men.

7. Narcotics:

*Short-term effects:* Initial feeling of euphoria followed by drowsiness, nausea, and vomiting; constricted pupils; watery eyes and itching.

*Long-term effects:* Malnutrition; collapsed veins; liver disease; use of contaminated syringes may result in diseases such as AIDS, endocarditis, and hepatitis; addiction; tolerance; overdose leading to convulsions, coma and death.

*Examples:* Heroin, opium, morphine, codeine and prescription pain pills like Percocet.
Heroin has become headline news. According to the Centers for Disease Control and Prevention (CDC), the number of heroin-related deaths rose nearly 300 percent in a recent ten-year period. People who were not normally considered “at-risk” are falling victim to the drug, with some of the greatest increase of abuse occurring in women and those with higher income.

8. Opioids:

“Opioids” is a term for drugs that bind to opioid receptors in the body. They include everything from heroin and fentanyl to prescription pills like oxycodone (OxyContin®), hydrocodone (Vicodin®), codeine and morphine. It is a huge bucket, since it covers illegal substances as well as drugs prescribed by doctors. Which, actually, is part of the issue: regular use of opioid drugs, even as prescribed by a doctor or medical professional, can lead to dependence.

Addiction is not limited to the people using just the illegal opioids, like heroin. Misuse of prescription opioids is a huge part of the epidemic. Misuse includes people with a prescription not taking it as prescribed. Taking too many pills at once, for example or people without a prescription taking pills they get from a family medicine cabinet, friends, random strangers at a party or drug dealers selling pills illegally.

Taking opioids at too high of a dose, or for too long a period of time, increases the risk of addiction, overdose, and death. The likelihood of using opioid painkillers long-term spikes after just five days of use. And because of this, a lot of people are dying. In 2016, more than 42,249 people died of opioid overdoses and more than 115 people die every day.

NCC has resources for individuals dealing with narcotics addiction. See section E. Drug and Alcohol Counseling Opportunities.

9. Illicit Stimulants:

*Short-term effects:* Increase alertness, attention, and energy as well as elevate blood pressure, heart rate, and respiration. When taken non-medically can induce a feeling of euphoria and increase blood glucose.

*Long-term effects:* Non-medical cognitive enhancement poses potential health risks, including addiction, dangerously high body temperature and an irregular heartbeat, cardiovascular failure or seizures, feelings of hostility or paranoia and even psychosis.

*Examples:* Cocaine, crystal meth, speed, over the counter cold remedies, prescriptions such as Ritalin and diet drugs.

10. Synthetic/Designer Drugs:

*Bath Salts:*
Short-term effects: Increase in heart rate; elevated blood pressure; agitation; anxiety; hallucinations; extreme paranoia; delusions; agitation; suicidal thoughts; irregular heartbeat; chest pain; headaches; trouble sleeping; loss of appetite; depression; changes in personality; and disturbed speech or behavior. Long-term effects: Not yet known; however, Bath Salts are believed to cause damage to neurotransmitters in the brain and cause mental health problems (including psychosis).

Common Street Name(s): “Bath salt” stimulant products are sold in powder form in small plastic or foil packages of 200 and 500 milligrams under various brand names including: Bliss, Blue Silk, Cloud Nine, Drone, Energy-1, Ivory Wave, Lunar Wave, Meow Meow, Ocean Burst, Pure Ivory, Purple Wave, Red Dove, Snow Leopard, Stardust, Vanilla Sky, White Dove, White Knight, and White Lightening.

Club Drugs:

Short-term effects: May interfere with body’s ability to regulate temperature; many of same risks as users of stimulants and amphetamines, such as increases in heart rate and blood pressure; muscle tension, involuntary teeth clenching; nausea; blurred vision; faintness and chills or sweating.

Examples: MDMA (Ecstasy), GHB, GBL.

Smiles or 2C-I:

In July 2012, a synthetic drug often called, “Smiles” was added as a Schedule I substance under the Synthetic Drug Abuse Prevention Act of 2012, marking it as a dangerous and illegal substance.

Common Street Name(s): Isabel, Izzy

Much of the above information is drawn from the U.S. Department of Justice’s website. For more detailed information about the street names, short-term effects, long-term effects, trafficking trends, treatment resources and other information pertaining to these and other illicit drugs, please refer to the website at: http://www.justice.gov/dea/druginfo/factsheets.shtml or https://www.drugabuse.gov/drugs-abuse

D. Abuse of Prescription Drugs:

The Centers for Disease Control and Prevention has classified prescription drug abuse as an epidemic. The 2011 Prescription Drug Abuse Prevention Plan expands upon the Obama Administration’s National Drug Control Strategy and includes action in four major areas to reduce prescription drug abuse:

- **Education:** A crucial first step in tackling the problem of prescription drug abuse is to educate parents, youth, and patients about the dangers of abusing prescription drugs, while requiring prescribers to receive education on the appropriate and safe use, and proper storage and disposal of prescription drugs.
- **Monitoring:** Implement prescription drug monitoring programs (PDMPs) in every state to reduce “doctor shopping” and diversion, and enhance PDMPs to make sure they can share data across states and are used by healthcare providers.
- **Proper Medication Disposal:** Develop convenient and environmentally responsible prescription drug disposal programs to help decrease the supply of unused prescription drugs in the home.
• **Enforcement:** Provide law enforcement with the tools necessary to eliminate improper prescribing practices and stop pill mills.

**E. Drug and Alcohol Counseling Opportunities:**

**Students:**

College Counseling Services are located on the Bethlehem and Monroe campus locations. Services are offered free of charge for a wide range of issues revolving around substance abuse, misuse, dependency, and recovery. The staff provides services that span education/prevention, crisis intervention, and brief counseling. Help can be offered through individual meetings. NCC has a Collegiate Recovery Program (CRP) for students who are in recovery from Substance Use Disorders. Information about this program can be found at: [https://www.northampton.edu/ncc-crp.htm](https://www.northampton.edu/ncc-crp.htm) or by e-mailing [Recovery@northampton.edu](mailto:Recovery@northampton.edu).

Additional information about the services provided can be found at [https://www.northampton.edu/student-services/counseling-services.htm](https://www.northampton.edu/student-services/counseling-services.htm).

Any contact with the Counseling Services staff is held in the strictest confidence. No information is reported to anyone except with written permission or in rare circumstances such as when the student presents a clear and imminent danger to him/herself or others, when the counselor is mandated to report the abuse of a child or elder, or when the court has ordered disclosure. The services the office provides may be from one session to ongoing sessions throughout the year. Appointments are easy to make by calling the numbers listed on the website.

**Employees:**

An Employee Assistance Program (EAP) has been established to provide professional counseling and rehabilitation programs for staff that are in need of these services due to substance abuse. Supervisors or managers who are faced with an employee substance abuse problem may consult with the Office of Human Resources to determine an appropriate course of action.

F. College Sanctions:

The College will impose appropriate sanctions on students or employees who violate the standards of conduct as set forth in Sections A.1 and A.2 above.

a. **Students**: Violations of the *Standards of Student Conduct in Section A.1* above will result in (a) disciplinary action as outlined in the Student Conduct section of the Student Handbook, and (b) legal action consistent with local, state and federal laws. Possible disciplinary actions include warning, probation, suspension or expulsion, and other sanctions as deemed appropriate, including referral for prosecution. Please refer to Student Conduct & Academic Honesty section on the College web site for more information: [campus-life/office-of-student-affairs-and-enrollment/student-conduct-and-academic-honesty](http://campus-life/office-of-student-affairs-and-enrollment/student-conduct-and-academic-honesty). As permitted by the Family Educational Rights and Privacy Act (FERPA), the Office of Student Success will notify parents/guardians of a student who is under the age of 21 any time he or she is found responsible for violating the Colleges Code of Conduct relating to alcohol or drug offenses.

In addition, in all disciplinary cases involving drugs or alcohol in which the student is not suspended or expelled, the Student Judicial Officer will impose a mandatory interaction with Campus Counseling.

b. **Employees**: 2.26.13 *Policy on the Drug-Free Workplace Act* In compliance with the Drug-Free Workplace Act of 1988, which requires prime federal contractors with contracts of $25,000 or more and direct federal grantees to certify to the contracting and granting agencies that they maintain a drug-free workplace, Northampton Community College certifies that the requirements for providing a "drug-free workplace" have been established and will be enforced. The College prohibits the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, including alcohol, in the workplace. Additionally, while the College respects the privacy of its employees, it also recognizes that it has an obligation to maintain a drug/alcohol free workplace because substance abuse can have a harmful effect on the learning and work environment. Therefore, employees are expected to report for work physical and mentally able to safely and effectively perform their essential functions. Compliance with this requirement is considered to be an essential job qualification for all faculty and staff. Violation of this policy will result in disciplinary action up to and including discharge.
An Employee Assistance Program (EAP) has been established to provide professional counseling and rehabilitation programs for staff that are in need of these services due to substance abuse.

As a condition of employment/continuing employment, all staff must abide by the provisions of this policy. Staff employed under the terms of a grant must notify the College of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. The College will notify the contracting or granting agency within ten (10) days after receiving notice from an employee or from an outside agency of an employee's criminal drug statute conviction for conduct in the workplace. Within thirty (30) days of receiving notification of an employee's drug statute conviction, the College will initiate appropriate personnel actions, which may include imposing a sanction or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program through the EAP or another approved agency.

The provisions of this policy will be disseminated to all staff members through the College Policy Manuals and will be published in the College news publications.

G. **Drug & Alcohol Abuse Prevention Program**

The College prohibits the use, possession, or distribution on college properties or at college sponsored or supervised functions of controlled or dangerous drugs or substances as defined by state and/or federal law, except as expressly permitted by law. Further, members of the College community (administrative official, faculty member, student or staff, or any employee) may not at any time be intoxicated on college property, at a college sponsored, or supervised function.

Employees who are age 21 or above may consume alcohol when alcohol is served as part of an approved college sponsored or supervised event. However, all individuals, regardless of age, must abide by the laws of the Commonwealth of Pennsylvania.

**Alcohol & Drug Awareness Programs Offered on Campus:**
- Consequences of drinking on campus
- Effects of alcohol on the body
- Liquor Laws in PA
- Consequences of drug use on campus
- Effects of drugs on the body
- College Policy & Procedures of dealing with alcohol and drug usage on campus

This group plans and runs programming throughout the academic year with the goal of educating the NCC community about the dangers of drugs of abuse. Programming includes community speakers as well as information on current drug trends and partnering with community organizations in the addictions field.
GENERAL COLLEGE POLICIES ON SUBSTANCE ABUSE & CRIMINAL RECORDS

Drinking or possessing alcoholic beverages is prohibited on campus unless specifically approved by the President or his designee. Students who are age 21 or above may consume alcohol when it is served, with College approval, at a College-sponsored event. However, all students, regardless of age, must abide by the laws of the Commonwealth and may not at any time be intoxicated on College property or at a College-sponsored event. The consumption or possession of alcohol is not permitted in the student apartments or residence hall.

All employees and visitors are expected to abide by State and Federal laws in regard to substance abuse and the carrying of weapons and firearms. The College will request information about a prior criminal record from those students applying to live on campus and those applying to the nursing program. All employees also undergo a criminal background check prior to employment. Anyone who operates campus vehicles must file a motor vehicle review form and have a clear driving record.

The Drug and Alcohol Annual Report can also be found on-line at: Drug_and_Alcohol_Annual_Report

PENNSYLVANIA ANTIHAZING LAW

The Timothy J. Piazza Antihazing Law was signed into Pennsylvania law in October of 2018. The law requires primary and secondary schools along with institutions of higher educations (IHEs) in the State of Pennsylvania to publish an annual hazing report twice each year; on January 1st and August 1st. The law also requires schools to issue antihazing policies and develop and implement antihazing awareness and education programs.

The law defines hazing as; A person or persons who intentionally, knowingly or recklessly, for the purposes of initiation, admitting or affiliating a minor or student into or with an organization, or for the purposes of continuing or enhancing a minor or student’s membership or status in an organization causes, coerces or forces a minor or student to do any of the following items:

- Consume any food, liquid, alcoholic liquid, drug or other substance which subjects the minor or student to a risk of emotional or physical harm;
- Ensure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment;
- Endure brutality of a sexual nature; and/or
- Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student.

The NCC antihazing report can be found here: https://www.northampton.edu/about/public-safety/ncc-hazing-reports.htm

VIOLENCE AGAINST WOMEN (VAWA) REAUTHORIZATION

Policies, Services, Resources and Protocols for Incidents of Domestic Violence, Dating Violence, Sexual Assault, Stalking, Harassment and other forms of sexual discrimination and misconduct.
Northampton Community College prohibits the crimes of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act) as well as other forms of harassment, sexual discrimination and misconduct. All Members of the NCC community, guests and visitors have the right to be free from sexual discrimination, harassment and misconduct, domestic violence, dating violence, sexual assault, and stalking.

All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. When an allegation of misconduct is brought to an appropriate administrator’s attention, and a respondent is found to have violated this policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This policy is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated.

Northampton Community College is committed to providing a learning, working and living environment that promotes personal integrity, civility and mutual respect in a place free of discrimination on the basis of sex; which includes all forms of sexual misconduct. Sex discrimination violates an individual’s fundamental rights and personal dignity.

Northampton Community College considers sex discrimination in all its forms to be a serious offense. This policy refers to all forms of sex discrimination, including but not limited to: sexual harassment, sexual assault, sexual misconduct, sexual violence, domestic violence, dating violence and stalking by employees, students, or third parties.

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in educational programs and activities that receive federal financial assistance. To ensure compliance with Title IX and other federal and state civil rights laws, the College has developed policies and procedures that prohibit sex discrimination in all of its forms.

In accordance with Title VI and Title VII of the Civil Rights Act of 1964 and other applicable state and federal laws, Northampton Community College does not discriminate on the basis of race, color, age, gender, sexual orientation, gender identity, religion, national origin, veteran status, disability, genetic information or any other basis of prohibited discrimination in its programs and activities. This policy extends to employment, programs and admission to the College.

This policy applies to all faculty, staff, students, and visitors. It also governs student--on--student sexual discrimination, including sexual assault, both on and off--campus.

Persons who experience discrimination, harassment, or sexual misconduct, or are victims of domestic violence, dating violence, sexual assault and stalking, may respond to the experience in many different ways, including feeling confused, vulnerable, out of control, embarrassed, angry, or depressed. The College provides a variety of resources to assist individuals to address the effects of the incident and to help them determine whether and how to make a formal complaint about the incident. Additional resource--related information can be found in Section VIII.

All reports of domestic violence, dating violence, sexual assault, stalking, discrimination, harassment, and/or retaliation shall be promptly made to the Title IX/Title VI Coordinator (or one of the designated Deputy Coordinators). Victims of the crimes of domestic violence, dating violence, sexual assault or stalking also have the right to report those crimes to either the Department of Public Safety or their local law enforcement agency.
Employees asserting claims of discrimination pursuant to Title VII must notify the Executive Director of Human Resources of his/her complaint within five (5) College days of having knowledge of the action(s) that gave rise to the compliant.

The Executive Director of Human Resources serves as the Title IX/VI Coordinator, the ADA/504 Coordinator and oversees implementation of the College’s Policy on Domestic Violence, Dating Violence, Sexual Assault, Stalking, Harassment and other forms of sexual discrimination. Deputy Coordinators and/or Investigators will be appointed by the Title IX/VI Coordinator in consultation with President’s Cabinet as appropriate. Reporting responsibilities are described in Section III below for those individuals who become aware of incidents involving discrimination, harassment, or sexual misconduct. Additionally, a complainant’s options for reporting are addressed more specifically in Section IV below.

I. Prohibited Conduct

A. Discrimination

Northampton Community College adheres to all federal and state civil rights laws banning discrimination in public institutions of higher education, including, but not limited to, Title VI and Title VII of the Civil Rights Act of 1964, and the Federal Jeanne Clery Act. The College prohibits discrimination against any employee, applicant for employment, student or applicant for admission, and/or any beneficiary of a program or facility offered or provided by the College, on the basis of any protected class. Protected classes include: age, color, creed, disability, ethnicity, gender identity, genetic information, marital status, national origin, political affiliation, pregnancy, race, religion, sex, sexual orientation, veteran or military status, or any other protected category under applicable federal, state, or local law, including protections for those opposing discrimination or participating in any complaint process on campus or with other human rights agencies.

This policy covers discrimination in employment and in access to educational opportunities, programs, and/or College facilities. Discrimination is defined as adverse treatment of an individual based on that individual’s membership in one or more of the protected groups listed above. Therefore, any member of the campus community, guest, or visitor who acts to deny, deprive, or limit the educational, employment, housing and/or social access, benefits, and/or opportunities of any member of the campus community on the basis of their actual or perceived membership in the protected classes listed above is in violation of the College policy on discrimination. All College employees shall report all suspected incidents of discrimination or harassment (see Section III. Reporting Responsibilities). When brought to the attention of the College, any such discrimination will be appropriately remedied according to the procedures outlined in this policy.

B. Harassment

NCC prohibits harassment against any employee, student, visitor, or guest on the basis of any class protected by College policy or law as identified in Section I.A. above. This policy is not meant to inhibit or prohibit educational content or discussions inside or outside of the classroom that include germane but controversial or sensitive subject matters. The sections below describe the specific forms of prohibited harassment under College policy.
1. **Bias-Related Harassment**

This policy prohibits any form of harassment on the basis of actual or perceived membership in a protected class, by any member or group of the campus community, which unreasonably interferes with an individual’s work or academic environment.

This environment may be created by verbal, written, graphic, threatening and/or physical conduct that is sufficiently severe, persistent, or pervasive so as to interfere with, limit, or deny the ability of an individual to participate in or benefit from educational programs or activities or employment access, benefits, or opportunities. Merely offensive conduct and/or harassment of a generic nature not on the basis of membership in a protected class may not result in a violation of this policy but may be addressed through education and/or other resolution methods.

2. **Sexual Harassment**

This policy prohibits any form of sexual harassment. Sexual harassment is unwelcome sexual or gender based verbal, written, online, and/or physical conduct. Anyone experiencing sexual harassment in any College program is encouraged to report it online (www.northampton.edu/reportit), to NCC’s Title IX/VI Coordinator, Deputy Coordinator, or by methods identified in the Complaint Resolution Process Section (IV.A. Confidentiality and Reporting of Offenses).

Sexual harassment creates a hostile environment and offenders may be disciplined when it is sufficiently severe, pervasive, persistent, or objectively offensive that it:

- Has the effect of unreasonably interfering with, denying, or limiting employment opportunities or the ability to participate in or benefit from the College’s educational, social, and/or residential program, or

- Is based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation. Some examples of possible sexual harassment include:
  - A professor insists that a student have sex with him/her in exchange for a good grade. This is harassment regardless of whether the student complies with the request.
  - A student repeatedly sends sexually oriented jokes on an email list the student created, even when asked to stop, causing one recipient to avoid the sender on campus and in the residence hall in which they both live.
  - Two supervisors frequently rate several employees’ bodies and sex appeal, commenting suggestively about their clothing and appearance.

- **Consensual Relationships**
There are inherent risks in any romantic or sexual relationship between individuals in unequal positions (such as faculty and student, supervisor and employee). These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect.

Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to a romantic or sexual involvement, this past consent may not remove grounds for a later charge of a violation of applicable sections of the faculty/staff handbooks. For the personal protection of members of this community, relationships in which power differentials are inherent (faculty--student, staff--student, administrator--student) are generally discouraged. Consensual romantic or sexual relationships in which one party maintains a direct supervisory or evaluative role over the other party are unethical.

Therefore, persons with direct supervisory or evaluative responsibilities who are involved in such relationships must bring those relationships to the timely attention of their supervisor, and will likely result in the necessity to remove the employee from the supervisory or evaluative responsibilities, or shift the student out of being supervised or evaluated by someone with whom they have established a consensual relationship. This includes CAs, mentors, and students over whom they have direct responsibility. While no relationships are prohibited by this policy, failure to self-report such relationships to a supervisor as required can result in disciplinary action for an employee.

3. Sexual Misconduct

This policy prohibits any form of sexual misconduct. Acts of sexual misconduct may be committed by any person upon any other person, regardless of the sex, gender, sexual orientation, and/or gender identity of those involved. The definition of consent below will be used in the interpretation and application of this policy:

- Consent:

  The state of Pennsylvania defines Ineffective Consent as (PA 18 CS §311 (c):

  i. Ineffective consent — Unless otherwise provided by this title or by the law defining the offense, assent does not constitute consent if:

     a. At is given by a person who is legally incapacitated to authorize the conduct charged to constitute the offense;

     b. It is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense;
c. It is given by a person whose improvident consent is sought to be prevented by the law defining the offense; or
d. It is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.

ii. The state additionally provides descriptors commonly associated with consent as part of its full definition when describing the offense of Rape (PA 18 CS §3121).

a. Rape Offense defined — A person commits a felony of the first degree when the person engages in sexual intercourse with a complainant:

1. By forcible compulsion;
2. By threat of forcible compulsion that would prevent resistance by a person of reasonable resolution;
3. Who is unconscious or where the person knows that the complainant is unaware that the sexual intercourse is occurring;
4. Where the person has substantially impaired the complainant's power to appraise or control his or her conduct by administering or employing, without the knowledge of the complainant, drugs, intoxicants or other means for the purpose of preventing resistance;
5. Who suffers from a mental disability, which renders the complainant incapable of consent.

b. Further, under Clery and UCR (Uniform Crime Reporting) definitions, the Pennsylvania Crimes Code sections relating to sexual assault (PA 18 CS § 3124.1), involuntary deviate sexual intercourse (PA 18 CS § 3123) and aggravated indecent assault (PA 18 CS § 3125) are considered rape for the purposes of Clery and PA UCR reporting.

4. Sexual Harassment The following are types of prohibited sexual misconduct under this policy, including the Federal Clery Act Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

C. Sexual Assault an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent.”
1. Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

2. Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

3. Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

4. Statutory Rape is defined as sexual intercourse with a person who is under the statutory age of consent.

D. Sexual Exploitation Defined as taking non-consensual or abusive sexual advantage of another; and the conduct does not fall within the definitions of sexual harassment, non-consensual sexual intercourse, or non-consensual sexual contact. Examples of sexual exploitation include, but are not limited to:

1. Sexual voyeurism (such as watching a person undressing, using the bathroom, or engaging in sexual acts without the consent of the person observed)

2. Taking photographs, video recording, or audio recording of another in a sexual act or in any other private activity without the consent of all persons involved in the activity

3. Exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity or disseminating sexual pictures without the photographed person’s consent)

4. Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted disease (STD) without informing the other person of the infection

5. Administering alcohol or drugs (such as “date rape” drugs) to another person without the person’s knowledge or consent

E. Domestic Violence

1. A Felony or misdemeanor crime of violence committed—
   - By a current or former spouse or intimate partner of the victim;
   - By a person with whom the victim shares a child in common;
   - By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
   - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
• By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

• For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

2. Definition of a Crime of Violence: According to Section 16 of Title 18 of the United States Code, the term "crime of violence" means:

- An offense that has an element of the use, attempted use, or threatened use of physical force against the person or property of another; or,

- Any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

F. Dating Violence

1. Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

- The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

- For the purposes of this definition—
  i. Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
  ii. Dating violence does not include acts covered under the definition of domestic violence

- For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

G. Stalking

1. Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or,

- Suffer substantial emotional distress.

2. For the purposes of this definition—
• **Course of Conduct** means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

• **Reasonable Person** means a reasonable person under similar circumstances and with similar identities to the victim.

• **Substantial Emotional Distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

• **Examples include:**
  
i. Sending multiple unwanted text messages, phone calls, or electronic communications
  
ii. Following, watching, photographing, or otherwise tracking an individual without his or her permission
  
iii. Sending unwelcome gifts, notes, or other items to another person

3. For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. Jurisdictional Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

• **Sexual Assault:** The state of Pennsylvania defines Sexual Assault as follows:
  
i. Rape — Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. Statutory offenses (no force used —victim under age of consent) are excluded.

ii. Sex offenses (except rape, prostitution, and commercialized vice) — Statutory rape, offenses against chastity, common decency, morals, and the like. Attempts are included.

iii. Domestic Violence/Abuse: Pennsylvania law (PA 23 CSA §6102) defines domestic abuse as knowingly, intentionally or recklessly causing bodily injury of any kind, causing fear of bodily injury of any kind, assault (sexual or not sexual), rape, sexually abusing minor children, or knowingly engaging in a repetitive conduct toward a certain person that puts them in fear of bodily injury. These acts can take place between family or household members, sexual partners or those who share biological parenthood in order to qualify as domestic abuse.

iv. **Dating Violence:** The state of Pennsylvania does not have a definition of Dating Violence.
Stalking: Pennsylvania law (PA 18 CS § 2709.1) defines Stalking when a person either:

4. Engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or

5. Engages in a course of conduct or repeatedly communicates to another person under circumstances, which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

H. Retaliation

The College seeks to create an environment where its students and employees are free, without fear of reprisal, to use its procedures to determine if there has been a violation of their civil rights. Any act of retaliation will result in appropriate disciplinary action.

Retaliation is defined as any adverse action taken against a person participating in a protected activity because of their participation in that protected activity. Retaliation against an individual for alleging a violation of their civil rights, supporting a complainant, or for assisting in providing information relevant to a claim, is a serious violation of this policy. Acts of alleged retaliation should be reported immediately to the Title IX/VI Coordinator or Deputy Coordinators.

I. Other Offenses

This policy prohibits other offenses of a discriminatory, harassing, and/or retaliatory nature not included in the previous sections as follows:

- Intimidation, defined under this policy as implied threats or acts that cause a reasonable fear of harm in another on the basis of actual or perceived membership in a protected class
- Hazing, defined under this policy as acts likely to cause physical or psychological harm or social ostracism to any person within the College community when related to the admission, initiation, joining, or any other group--affiliation activity on the basis of actual or perceived membership in a protected class.
- Bullying, defined under this policy as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally on the basis of actual or perceived membership in a protected class.

Violation of any other College rule, when it is motivated by sex or gender or the actual or perceived membership of the victim in a protected class may be pursued using this policy and process.

J. How to Be an Active Bystander:
Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Bystanders play a critical role in the prevention of sexual and relationship violence. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, call DPS at (610) 861-5588, or the local police by dialing 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Be direct, delegate responsibility, or because a distraction when you see a person secludes, hits on, tries to make out with, or has sex with people who are incapacitated.
- Intervene when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction:

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you do not know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably is not the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money and/or an on-demand driver app loaded.
• Do not allow yourself to be isolated with someone you do not trust or someone you do not know.

• Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

• Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately, (local authorities can be reached by calling 911 in most areas of the U.S.).

• Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.

• Do not accept drinks from people you do not know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, do not drink from the punch bowls or other large, common open containers.

• Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.

• If you suspect you or a friend has been drugged, contact law enforcement immediately, (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

• If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
  o Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  o Be true to yourself. Do not feel obligated to do anything you do not want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
  o Have a code word with your friends or family so that if you don’t feel comfortable you can call them.
  o In addition, communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  o Lie. If you do not want to hurt the person’s feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses
you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

- Try to think of an escape route. How would you try to get out of the room? Where are the doors?
- Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

II. Scope/Jurisdiction/Application

This policy applies to allegations of discrimination, harassment, and retaliation that take place on NCC property or at College-sponsored events, regardless of their location. This policy may also apply to allegations of discrimination, harassment, and retaliation that occur off-campus or to actions online, when the Title IX/VI Coordinator or Deputy Coordinator determines that the off-campus or online conduct could have an on-campus impact or impact on the educational mission of the College.

Such impact includes:
• Any action that constitutes a criminal offense as defined by federal, state, or local law;

• Any situation where it appears that the respondent may present a danger or threat to the health or safety of self or others;

• Any situation that significantly impinges upon the rights, property, or achievements of others or significantly breaches the peace and/or causes social disorder; and/or

• Any situation that is detrimental to the educational interests of the College.

III. Procedures to follow if an incident of Domestic Violence, Dating Violence, Sexual Assault, Stalking, Harassment and other forms of sexual discrimination and misconduct occurs.

All College employees who are aware of or witness discrimination, harassment, sexual misconduct, or retaliation are required to promptly report to the Title IX/VI Coordinator or a Deputy Coordinator; or to the Executive Director of Human Resources or his/her designee if the complaint relates to discrimination in employment. Any student who is aware of or who witnesses discrimination, harassment, sexual misconduct, or retaliation is encouraged to promptly report to the Title IX/VI Coordinator or a Deputy Coordinator. All initial contacts will be treated with the maximum possible privacy: specific information on any complaint received by any party will be reported to the Title IX/VI Coordinator, but, subject to the College’s obligation to investigate and redress violations, every reasonable effort will be made to maintain the privacy of those initiating a report of a complaint. In all cases, the College will give consideration to the complainant with respect to how the complaint is pursued but reserves the right, when necessary to protect the community, to investigate and pursue a resolution when an alleged victim chooses not to initiate or participate in a formal complaint.

Please note: This section addresses reporting obligations for members of our campus community who are made aware of potential violations of this policy. Methods for filing a complaint and the Complaint Resolution Process are detailed in Section IV. Additional resource-related information can be found in Section VIII.

The Title IX/VI Coordinator and Deputy Coordinators do not serve as advocates for either the complainant or the respondent. The Title IX/VI Coordinator or Deputy Coordinators will explain to both parties the informal and formal processes outlined below and the provisions for confidentiality. The Title IX/VI Coordinator and Deputy Coordinators will coordinate with other campus officials to take appropriate interim actions such as no contact orders, academic accommodations, and rearrangement of housing and work assignments.

G. Police Reporting

In addition to required campus reporting, reports may also be made to the police and/or campus security, especially if a crime of domestic violence, dating violence, sexual assault or stalking is or may be involved, by calling the following numbers:

- Emergency -- 911
- Bethlehem Township Police (non-emergency number) 610-814-6410
- Pocono Township Police (non-emergency number) 570-629-7200
- Bethlehem City Police (non-emergency number) 610-865-7187
- Public Safety:
  - Main Campus (24 hrs.) 610-861-5588
  - Monroe Campus: 570-369-1911
  - Fowler: 484-390-3240

H. Federal Timely Warning Obligations

Victims of sexual misconduct should be aware that College administrators must issue crime alerts for incidents reported to them that represent a serious or continuing threat to students or
employees. The College will withhold a victim’s name and other identifying information while providing enough information for community members to make safety decisions in light of the potential danger.

IV. Complaint Resolution Process

The College will respond to any alleged violation of this policy received by the Title IX/VI Coordinator or Deputy Coordinators. This section outlines ways in which offenses can be reported by individuals choosing to pursue complaint options. Additional resource-related information can be found in Section VIII.

A. Confidentiality and Reporting of Offenses

Northampton Community College will make every effort to safeguard the identities of individuals who seek help and/or report discrimination, harassment, and/or retaliation. While steps are taken to protect the privacy of victims, College’s ability to respond may be limited in the event of a request for confidentiality. The College may need to investigate an incident and take action once an allegation is known, whether or not the reporting individual chooses to pursue a complaint.

When a report is made, personally identifiable information (name of victim, name of respondent, etc.) may be initially withheld in cases where the victim is hesitant to come forward. Subsequently, campus officials may need additional information. The College’s Title IX/VI Coordinator or Deputy Coordinator will conduct an initial inquiry, looking for any sign of pattern, predation, violence, or threat. When such exists, institutional action may be required in an effort to ensure campus safety.

No employee should ever promise absolute confidentiality except those as described below in Section IV.A.2. Reports may be private, but not confidential, as described below in Section IV.A.3. Reports to police and/or Title IX officials do not obligate the complainant to file any criminal or College conduct charges.

The College will not pursue disciplinary action for improper use of alcohol or other drugs against an alleged victim of sexual misconduct or against another student who shares information as either a witness to or as a reporter of sexual misconduct as long as the report is made in good faith.

B. Good Samaritan

The welfare of students in our community is of paramount importance. At times, students on and off-campus may need assistance. The College encourages students to offer help and assistance to others in need. Sometimes, students are hesitant to offer assistance to others, for fear that they may get themselves in trouble (for example, as student who has been drinking underage might hesitate to help take a victim of sexual misconduct to the Campus security). The College pursues a policy of limited immunity for students who offer help to others in need. While policy violations cannot be overlooked, the College will provide educational options, rather than punishment, to those who offer their assistance to others in need.
Deliberately false and/or malicious accusations of discrimination, harassment, or retaliation, as opposed to complaints, which, even if erroneous, are made in good faith, are just as serious an offense as discrimination, harassment, or retaliation and will be subject to appropriate disciplinary action.

Complaints and reports should be made as soon as possible after an incident. If the incident is an assault:

C. Reporting the incident

- Local Police – Emergency – 911
- Bethlehem Township Police (non-emergency number) 610-759-2200
- Pocono Township Police (non-emergency number) 570-629-7323
- Bethlehem City Police (non-emergency number) 610-865-7187
- Campus Security Bethlehem Campus (24 hrs.) 610-861-5588
- Monroe Campus: 570-369-1911
- Fowler: 484-390-3240

Seek immediate medical attention. Do not change clothing, shower, bathe, brush teeth or douche. Delay the above and going to the bathroom (if possible) until you are examined as this preserves evidence of the assault. Medical attention should be accessed at a local hospital.

- Easton Hospital: 610-250-4000
- Muhlenberg Hospital/LVH: 610-861-2200
- St. Luke’s Hospital: 610-954-4000
- Pocono Medical Center: 570-476-3351

Seek emotional support. It is important that you talk about this issue and that you tell someone you trust.

D. Options for filing a report include:

1. Anonymous and Third Party Reporting

   The Title IX/VI Coordinator and Deputy Coordinators accept anonymous and third–party reports of conduct alleged to violate this policy and will follow up on such reports. The
individual making the report is encouraged to provide as much detailed information as possible to allow the Title IX/VI Coordinator or Deputy Coordinators to coordinate an investigation and respond as appropriate. The College may be limited in its ability to investigate an anonymous or third party report unless sufficient information is provided. (See www.northampton.edu/reportit)

2. Confidential Reporting

If a reporting party would like the details of an incident to be kept confidential, the reporting party may speak with counselors, health service providers, victim services advocates, domestic violence resources, local or state assistance agencies, or members of the clergy who are permitted by law to maintain confidentiality (except in extreme cases of immediacy of threat or danger or abuse of a minor). These sources may submit anonymous statistical information for timely warning and Clery Act purposes. If a reporting party is unsure of a resource’s ability to maintain confidentiality, the reporting party is advised to ask them before talking to them. NCC counselors for students and/or the Employee Assistance Program for employees are available to help free of charge and can be seen on an emergency basis.

3. Private Reporting

Reports to College employees who are not confidential resources listed above in Section IV.A.2. should be treated with the maximum possible privacy. If a reporting party is unsure of a resource’s ability to maintain privacy, the reporting party is advised to ask them before talking to them. The resource will be able to explain the resource’s reporting obligations and help a reporting party make decisions about who is in the best position to help. If personally identifiable information is shared, it will be shared with as few people as possible under the circumstances and efforts will be made to protect privacy to the greatest extent reasonably possible.

4. Formal Reporting

Complainants are encouraged to speak to College officials, such as the Title IX/VI Coordinator or Deputy Coordinators or NCC Security, to make formal reports. Complainants have the right, and can expect, to have complaints taken seriously by the College when formally reported and to have those incidents investigated and properly resolved through these procedures. Formal reporting still affords privacy to the reporter and only a small group of officials who need to know will be told. Information will be shared as necessary with investigator(s), witnesses, the respondent, and a hearing board if deemed appropriate. The number of people with this knowledge will be kept as few as reasonably possible to preserve a complainant’s rights and privacy.

5. Criminal Reporting

If someone is in immediate danger or is a victim of a crime, call 9–1–1. Some acts of discrimination and harassment may also be crimes, such as sexual assault or stalking. Allegations of criminal conduct should be reported to law enforcement even when it is not clear whether the conduct rises to the level of a crime. Regardless, law enforcement
can assist with obtaining medical care, getting immediate law enforcement response and protection, connecting with victim advocate services and counseling support, initiating a criminal investigation as appropriate, and answering questions about the criminal process.

6. Facilitated Anonymous Reporting through the Counseling Center/Pastoral Counselors:

Professional Counselors assigned to the Counseling Center and practicing pastoral counselors are confidential resources and do not report incidents. In their capacity and function, they do not make identifiable reports of incidents to the official on-campus resources unless the student specifically requests them to do so; however, the College encourages counselors to inform students that they can report incidents of crime to DPS, which can be done directly or anonymously. Students may request the Counseling Center to facilitate anonymous reporting using an internal form designed to capture general details about the incident (date, time, location, and brief description of the incident type) for inclusion in the College’s Annual Security and Fire Safety Report. The College does not provide confidential or anonymous reporting outside of this entity. The amount of detail provided may enable the College to initiate an investigation into the circumstances surrounding the report. Such an investigation may jeopardize the anonymity of the reporting person or complainant.

E. Assistance for Victims – Rights and Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options.

Written information will include:

- The procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred;
- Information about how the institution will protect the confidentiality of victims and other necessary parties;
- A statement that the institution will provide written notification to students and employees about victim services in the institution and in the community;
- A statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- An explanation of the procedures for institutional disciplinary action.

Rights of Victims and the Institution's Responsibilities for Orders of Protection, No-Contact Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution:

Northampton Community College complies with Pennsylvania State law in recognizing orders of protection.
Any person who obtains an order of protection from Pennsylvania or any reciprocal state should provide a copy to the Department of Public Safety and the Office of the Title IX Director. A complainant may then meet with Public Safety to develop a Safety Action Plan, which is a plan for Public Safety and the victim to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom/work site location, or working with Academic Advising on alternative class possibilities, allowing a student to complete assignments from home, allowing an employee to develop a flexible work schedule, etc. The College cannot apply for a legal order of protection, No Contact order, or restraining order for a victim from the applicable jurisdiction(s).

In Pennsylvania, a victim of domestic violence, dating violence, sexual assault, or stalking has the right to file a petition with the courts requesting protection through PFAs, SVPOs, and/or PFIs, which could include the following:

- An order restraining the abuser from further acts of abuse;
- An order directing the abuser to leave the victim's household/place of residence;
- An order directing the abuser to refrain from stalking or harassing the victim or other designated persons;
- Other protections based on issues related to cohabitation, residency, employment, and child custody.

When an abuser is not a present or past member of the victim’s household or family, adults and minors can petition for a Sexual Violence Protection Order (SVPO). For example, a SVPO could be granted for a victim who is sexually assaulted by a coworker and who has no other relationship with the coworker – is not now or never was a family relation, spouse, dating partner, or member of the same household.

1. **Protection from Abuse Order (PFA)**

A protection from abuse order is a paper that is signed by a judge that tells or informs the abuser to stop the abuse or face serious legal consequences. It offers civil legal protection from sexual or relationship violence to both female and male victims. In Pennsylvania, there are a few different types of protection from abuse orders (PFA). These include:

- Emergency Order – Immediate protection when the courts are closed. A victim can contact the local police by dialing 911, and the police will connect the victim with the on-call magisterial district judge. The judge may grant an emergency order through this emergency process based on the facts of the case.

- Ex Parte Temporary Order – “Ex parte” means the judge will make a decision regarding a PFA, based only on the information provided by the victim, without the abuser being in court.

- Final PFA – A judge can grant a final protection from abuse order after a hearing involving the victim, abuser, witnesses, testimony, and evidence.
2. **Protection of Victims of Sexual Violence or Intimidation (PSVI)**

The Protection of Victims of Sexual Violence or Intimidation (PSVI) Act defines sexual violence as conduct between persons who are not family or household members that constitutes one of the following crimes:

- Sexual offenses
- Endangering the welfare of children if the offense involved sexual contact with the victim
- Corruption of minors
- Sexual abuse of children
- Unlawful contact with minor
- Sexual exploitation of children

3. **Sexual Violence Protection Order (SVPO)**

An SVPO is a civil order designed to protect victims of sexual violence from further abuse and/or intimidation, regardless of whether or not criminal charges have been filed against the perpetrator. Adults and minors (with a parent or guardian to file on their behalf) can petition for an SVPO. Similar in many ways to a Protection from Abuse order or PFA, the key difference is that there is no relationship requirement between the alleged perpetrator and the victim. (While PFAs require an intimate or household relationship between the two parties, an SVPO does not, and is available to all victims of sexual violence.) Examples of situations where the SVPO may be appropriate relief:

- A victim is sexually assaulted by a co-worker (not related or in a relationship; not household members)
- A student is sexually assaulted by another student
- A tenant is fondled by a landlord
- A college student (an adult) who was sexually assaulted experiences harassment from the perpetrator’s friends after reporting the assault

4. **Protection from Intimidation Order (PFI)**

Definition of intimidation under the PSVI Act can be described as harassment or stalking (according to statutes) of a minor (under the age of 18) by an adult (18 or older), when there is no family, dating, intimate, or household relationship between them. The PFI order was created to protect minors who have experienced harassment or stalking when the offender is age 18 or older. An adult (parent or guardian) must petition for the PFI order on the minor’s behalf. Examples of situations where the PFI order may be the appropriate relief:

- A child victim whose offender repeatedly drives by the bus stop
- A teen athlete is stalked by an adult coach
A teen is harassed online by a teacher.

Both SVPOs and PFIs prohibit an offender from having any contact with the victim. Protections can include preventing the offender from entering the victim’s home, workplace, or school. Both orders can also be expanded to prevent intimidation/contact from a third party on behalf of the offender, or extend to protection to related parties, such as parents, siblings, or children of the victim. The SVPO and PFI orders may be entered for up to 36 months.

DPS will help put victims who are interested in pursuing a PFA, PSVI, or SVPO in contact with local courts or the local advocacy center. Any student who obtains a protection order from Pennsylvania or any reciprocal State should provide a copy to DPS and the Office of Student Rights and Responsibilities. DPS will help facilitate the reporting of PFA violations to the local police.

While not the same as a state-mandated protection order, the College can issue a No Contact Directive. This includes, but is not limited to, communication that is written, verbal, or physical. Written communication is understood to include all electronic means of communication, including, but not limited to: email, instant messaging, and text messaging. Verbal communication is understood to include phone calls and voice mail messages. A No Contact order may include additional restrictions and terms.

If the College receives a report that such an institutional No Contact order has been violated, the College will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the No Contact order.

5. Employee Assistance Program

Northampton Community College also provides an Employee Assistance Program (EAP) for use by employees. The EAP is available to provide full-time employees assistance with such problems as sexual or physical abuse, depression, marital and relationship conflict, stress, grief, critical incident stress, anxiety, and other personal matters. All full-time employees, regardless of performance, are eligible. The contact number of the EAP is listed in the Resources section of this annual report.

All information relating to an employee's EAP participation is strictly confidential. Only the EAP provider maintains EAP records. The EAP provider does not release specific information about an employee's use of EAP services, unless the employee gives his or her advance written consent. The EAP does not report incidents to any Official On-Campus Resources unless the employee specifically gives them permission to do so.

F. Accommodations and Protective Measures Available for Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Northampton Community College will provide written notification to students and employees about accommodations available to them, including academic, living, transportation, and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request.
accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim’s request, and to the extent of the victim’s cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working, or transportation situations regardless of whether the victim chooses to report the crime to law enforcement.

Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc. Issuance of a full, partial, or modified persona non grata (PNG – barring notice) to the respondent may also be appropriate.

To request changes to academic, living, transportation, and/or working situations, or protective measures, a victim should:

- Students: Contact the Title IX Director and/or Director for Student Rights and Responsibilities for assistance.
- Employees/Faculty: Contact the Office of Human Resources and/or Provost Office (depending upon employment status).

If the victim wishes to receive assistance in requesting these accommodations, the victim should contact the Title IX Director and/or the Department of Public Safety.

G. Informal Resolution Process

Informal resolution is an alternative to the formal complaint resolution process. The Title IX/VI Coordinator will determine if informal resolution is appropriate, based on the willingness of the parties and the nature of the alleged conduct. Sanctions are generally not pursued as the result of an informal resolution process, though the parties may agree to appropriate remedies. The Title IX/VI Coordinator will keep records of any resolution that is reached. The College reserves the right to cancel informal resolution if sufficient evidence suggests a formal investigation or other sanctions or remedies may be necessary and appropriate.

It is not necessary to pursue informal resolution first in order to make a formal complaint, and anyone participating in informal resolution can stop that process at any time and request to continue through the formal process.

Except in cases involving criminal activity and/or sexual assault, an employee or student alleging discrimination, harassment and/or retaliation against an employee under this policy is encouraged to consider an informal resolution. If it is appropriate, an attempt to facilitate an informal resolution of the matter will be made. In the event that an informal resolution is not
reached, is not appropriate, or is not pursued, the student or employee who is alleging the discrimination, harassment, or retaliation may initiate a formal investigation.

H. Formal Resolution Process

1. Filing a Complaint:

Any individual who believes that this policy has been violated should contact the Title IX/VI Coordinator or any Deputy Coordinator.

2. Complaint Intake:

Following receipt of notice or a complaint, the Title IX/VI Coordinator or Deputy Coordinator will normally, within five college days, make an initial determination as to whether the information has merit to reasonably indicate there may have been a violation of College policy. If it appears a violation may have occurred, an investigation will begin. If the complaint does not appear to allege a policy violation or if conflict resolution is desired by the complainant and appears appropriate given the nature of the alleged behavior, then the complaint does not proceed to investigation. An investigation will be pursued if there is sufficient information to suggest a policy violation, a pattern of misconduct, and/or a perceived threat of further harm to the community or any of its members may exist.

3. Interim Action:

The College will implement interim and/or protective actions upon notice of alleged discrimination, harassment, and/or retaliation and will take additional prompt remedial and/or disciplinary action with respect to any member of the community, guest, or visitor who has violated this policy.

Interim actions include but are not limited to: no contact orders, no trespass notices, providing counseling and/or medical services, academic support, living arrangement adjustments, providing a campus escort, academic or work schedule and assignment accommodations, safety planning, and referral to campus and community resources.

The College may suspend, on an interim basis, a student or student organization or place an employee on administrative leave pending the completion of the investigation and procedures. In cases in which an interim suspension or administrative leave is imposed, the student, employee, or student organization will be given the opportunity to meet with an appropriate administrator prior to such action being imposed, or as soon thereafter as reasonably possible, to show cause why the action should not be implemented. Violation of interim provisions will be grounds for disciplinary action.

During an interim suspension or administrative leave, a student or employee may be denied access to College housing and/or the College campus, facilities, or events, either entirely or with specific application. As determined by the appropriate administrative officer, this restriction includes classes and/or all other College activities or privileges for which the individual might otherwise be eligible. At the discretion of the appropriate administrative officer, alternative coursework options may be pursued to ensure as minimal an impact as possible on the respondent student. At the discretion of the
appropriate administrative officer, alternative employment/work options may be pursued to ensure as minimal an impact as possible on the respondent employee.

4. Notice of Charges:

Once an investigator has been assigned, written notice of the allegations will be provided to the parties involved. If the respondent is an employee, the written notice will be copied to the employee’s department head/director, dean, vice president, and president.

5. Investigation:

If a complainant wishes to pursue a formal complaint or if the College determines an investigation is necessary, the Title IX/VI Coordinator will assign an investigator, usually within five college days of determining that a complaint should proceed. Investigations will be thorough and impartial and will entail interviews with relevant parties and witnesses, and obtaining available evidence. Conflict of interest (real or perceived) by the investigator will not be allowed. The College aims to complete investigations within 60 days, which can be extended as necessary for appropriate cause by the Title IX/VI Coordinator with notice to the parties. Investigation may take longer when initial complaints fail to provide direct first-hand information. The College may undertake a short delay (usually 3–10 days, to allow evidence collection) when criminal charges are being investigated. Complainants will be informed, at regular intervals, of the status of the investigation. College action will continue regardless of the status of civil or criminal charges involving the same incident. A complainant may proceed with both a criminal charge and a request for a College resolution simultaneously.

I. Student Withdrawal While Charges Pending

Should a responding student decide to withdraw from the College and/or not participate in the investigation and/or hearing, the process will nonetheless proceed in the student’s absence to a reasonable resolution and that student will not be permitted to return to the College unless any and all sanctions have been satisfied. The Title IX/VI Coordinator will continue to act to promptly and effectively remedy the effects of the conduct upon the victim and the community.

J. Employee Resignation While Charges Pending

Should a responding employee resign while charges are pending, the records of the Title IX/VI Coordinator will reflect that status, as will College responses to any future inquiries regarding employment references for that individual. Should an employee decide to leave and not participate in the investigation and/or hearing, the process will nonetheless proceed in the employee’s absence to a reasonable resolution and that employee will not be permitted to return to the College unless any and all sanctions have been satisfied. The Title IX/VI Coordinator will continue to act to promptly and effectively remedy the effects of the conduct upon the victim and the community.

K. Investigation Findings for Students

Upon receipt of the investigative report, the Title IX/VI Coordinator will forward it to the Vice President for Enrollment and Student Services or designee for an appropriate hearing per the Student Code of Conduct procedures. During a hearing:
• Both the complainant and the respondent will receive equivalent notice of the process.
• The complainant will have the opportunity to be present throughout the entire Hearing.
• The complainant will be entitled to the same opportunity to have others present during a Hearing as is provided to the respondent, including residence hall staff and/or a College Support Person;
• Both the complainant and the respondent will have the opportunity to present witnesses with information pertinent to the alleged sexual harassment, sexual misconduct or sexual assault, and any relevant information to the Hearing panel during the conduct process;
• The complainant will be provided options for reasonable alternative arrangements if he or she does not want to be present in the same room as the respondent during the Hearing;
• Testimony regarding any party’s past sexual conduct will ordinarily not be permitted, except in those instances where there was a prior sexual relationship between the parties and the testimony may be relevant to the issue of consent. If the respondent is found responsible for the conduct alleged in the complaint, his or her past sexual misconduct, if any, may be considered in determining the appropriate outcome.
• The College will document the proceedings.

Following the hearing, the decision of whether a policy violation has occurred will be determined by using a preponderance of the evidence standard. A finding of a policy violation by a preponderance of the evidence means that it is more likely than not that, the policy violation occurred. If, following the hearing, the decision is that no policy violation has occurred the process will end. Regardless of the outcome, the complainant, the respondent, and the Title IX/VI Coordinator will be notified of the finding in writing.

If, following a hearing, the student is found to have violated College policy, appropriate disciplinary sanctions will be determined after consultation with the Title IX/VI Coordinator. The Vice President for Enrollment and Student Affairs (or designee) will notify the respondent, the complainant, and the Title IX/VI Coordinator in writing of the Vice President’s decision. This written decision must be issued within fifteen college days of the date of receipt of the investigative report from the Title IX/VI Coordinator.

L. Investigation Findings for Employees

Investigations will be thorough and impartial and will entail interviews with relevant parties and witnesses, and obtaining available evidence. Both the complainant and the respondent will have the opportunity to present witnesses with information pertinent to the alleged sexual harassment, sexual misconduct or sexual assault, and any relevant information. The investigator will document the proceedings.

Upon receipt of the investigative report, the Title IX/VI Coordinator will determine if this policy has been violated by using a preponderance of the evidence standard. A finding of a policy violation by a preponderance of the evidence means that it is more likely than not that, the policy violation occurred. If the Title IX/VI Coordinator decides that no policy violation has occurred, then the process will end. Regardless of the outcome, the complainant and the respondent will be
notified of the finding in writing. The respondent’s department head/director, Dean, Vice President, and the President will also be notified of the finding.

In the event that the employee violated College policy, the Vice President of the respondent will determine appropriate disciplinary sanctions based on the recommendation from the Title IX/VI Coordinator. Regardless of the outcome, the complainant, the respondent, and the Title IX/VI Coordinator will be notified in writing of the outcome within twenty college days of the date of the notice from the Title IX/VI Coordinator. If the Vice President serves as a party or witness in the investigation, the Title IX/VI Coordinator’s recommendation will be sent to the President for determination of disciplinary sanctions.

M. Sanctions

Sanctions will be recommended by the Title IX/VI Coordinator and forwarded to the decision-making authority as noted above in Section IV.C.4. Factors considered when determining a sanction may include:

- The nature of, severity of, and circumstances surrounding the violation
- The respondent’s disciplinary history
- Previously founded complaints or allegations against the respondent involving similar conduct
- Any other information deemed relevant by the Title IX/VI Coordinator
- The need to bring an end to the discrimination, harassment, and/or retaliation
- The need to prevent the future recurrence of discrimination, harassment, and/or retaliation
- The need to remedy the effects of the discrimination, harassment, and/or retaliation on the victim and the community

1. Student Sanctions

- **Warning:** Oral or written expression that the student is in violation of the Student Code of Conduct and the imposed discipline, if any.

  Disciplinary Probation: An official notice that the student may face suspension or expulsion should the student be involved in another incident during a specified period of time. The student may be excluded from acting as a representative of, or participant in, College co-curricular activities or programs and regular probationary meetings may be mandated.

- **Interim suspension:** Exclusion from classes and other privileges or activities (not to exceed 15 calendar days) pending final determination of an alleged violation. It is to be invoked only when the presence of the student on campus is detrimental either to the student or to others.

- **Suspension:** Exclusion from classes and/or exclusion from other privileges or activities or from campus for a specific period of time.

- **Dismissal:** Permanent dismissal from the College.
• Housing and Residence Life Actions

i. **Housing Probation:** An official notice that the student may face housing contract termination should the student be involved in another incident during a specified period of time. The student may be excluded from acting as a representative of, or participant in, Housing and Residence Life activities or programs and regular probationary meetings may be mandated.

ii. **Housing visitation suspension:** Exclusion from visiting the apartments, residential complex and general grounds or parking lots surrounding the housing facilities, including activities sponsored or supervised by the housing office, for a specific period of time.

iii. **Housing suspension:** Exclusion from the apartments, residential complex and general grounds or parking lots surrounding the housing facilities including activities sponsored or supervised by the housing office, for a specific period of time. Students placed on housing suspension may be placed on probation or receive additional sanctions from the College.

Disciplinary action taken by the College is confidential. However, upon written request, alleged victims of any non-forcible sex offense or crime of violence (as defined by the Department of Education) will be notified of the results of any disciplinary proceedings against the accused student. If the alleged victim is deceased due to the crime or offense, the next of kin will be notified of the results upon written request. Any disciplinary action may include additional stipulations such as fines and/or rehabilitative procedures such as counseling and/or community service.

2. **Employee Sanctions**

Sanctions for an employee who has violated this policy may include, but are not limited to, verbal or written warning, required counseling, training, demotion, reassignment, suspension, and termination.

• **Appeals:**

Appeals of the decision of the Vice President for Enrollment and Student Affairs (for students) or the Vice President/President (for employees) may be filed by the complainant, the respondent or both. All requests for appeal considerations must be submitted in writing to the Title IX/VI Coordinator within five college days of the date of the final written notice.

• **Appeals are limited to allegations of the following:**

i. A procedural error or omission occurred that significantly impacted the outcome.

ii. There is new evidence, unknown or unavailable during the investigation, that could substantially impact the finding or sanction. A summary of this
new evidence and its potential impact upon the investigation must be included in the appeal.

iii. The sanctions imposed are substantially disproportionate to the severity of the violation.

The original finding and sanction/responsive actions will stand if the appeal is not timely or is not based on the grounds listed above, and such a finding and sanction/responsive action(s) are final. When a party requests an appeal, the other party (parties) will be notified and given an opportunity to respond.

- **For students:** In cases involving student conduct, a person designated by the Vice President for Enrollment and Student Affairs will review the appeal request(s).

- **For employees:** In cases involving employee conduct, a person designated by the President will review the appeal request(s).

Where the designee finds that at least one of the grounds is met, and proceeds with the appeal, additional principles governing the hearing of appeals include the following:

- The original decision will only be changed when there is a compelling justification to do so.

- Appeals are not intended to be full re-hearings of the complaint. Appeals are confined to a review of the written documentation or record of the original hearing and pertinent documentation regarding the grounds for appeal.

- Sanctions will not be imposed pending the outcome of the appeal. Interim and/or protective actions may be imposed and/or continued as appropriate.

- The designee will render a decision within ten college days to the

- Title IX/VI Coordinator who will normally provide written notice of the appeal to all parties within three college days from the date of the appeal review.

- All parties will be informed of whether the grounds for an appeal are accepted and the results of the appeal decision.

- Once an appeal is decided, the outcome is final: further appeals are not permitted under this policy.

3. **Failure to Complete Sanctions**

All respondents are expected to comply with conduct sanctions within the time frame specified in their written notice. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanctions and/or suspension, expulsion, and/or termination from the College. For students, failure to comply may result in transcript notation and/or a hold to prevent future registration.

V. **Remedial Actions**

In addition to the interim actions outlined in Section IV.C.1.b, the Title IX/VI Coordinator (or designee) may provide remedial actions intended to address the short or long-term effects of harassment,
discrimination, and/or retaliation. That is, remedial actions may be taken at the conclusion of the process in addition to any actions that may have been taken on an interim basis, in order to redress harm to the complainant and the community and to prevent further harassment or violations. Remedial actions may also be used when, in the judgment of the Title IX/VI Coordinator (or designee), the safety or well-being of any member(s) of the campus community may be jeopardized by the presence on campus of the respondent or the ongoing activity of a student organization whose behavior is in question.

These remedies may include referral to counseling and health services or to the Employee Assistance Program, altering the housing situation of a respondent student, (or the alleged complainant, if desired), altering work arrangements, providing campus escorts, implementing contact limitations between the parties, or offering adjustments to academic deadlines and/or course schedules.

VI. Statement of Rights for Complainants and Respondents

Both complainants and respondents will be afforded the following rights under this policy:

- To be treated with respect by College officials
- To take advantage of campus support resources (such as Counseling Services and College Health Services for students, or EAP services for employees)
- To experience a safe educational and work environment
- To have an advisor (students) or representative (employees) during this process
- To refuse to have an allegation resolved through informal procedures
- To be free from retaliation
- To have complaints heard in substantial accordance with these procedures
- To reasonable and necessary participation in the process

VII. Records

In implementing this policy, records of all complaints, resolutions, and hearings will be kept by the Title IX/VI Coordinator indefinitely.

A. REGISTERED SEX OFFENDERS

The Adam Walsh Child Protection and Safety Act of 2006 provides for the registration and tracking of sex offenders. Institutions of higher education are required to issue a statement advising the campus community of where to obtain law enforcement agency information provided by a state concerning registered sex offenders. The law also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student.

In the Commonwealth of Pennsylvania, information regarding registered sex offenders who are subject to community notification may be obtained from a community member’s respective local municipal police agency and/or the Pennsylvania State Police. This information can be obtained by visiting the Pennsylvania State Police’s Megan’s Law website at: http://www.pameganslaw.state.pa.us/
B. MISSING STUDENT POLICY

The College has adopted a missing student notification policy for students residing in on-campus residential facilities. In addition to registering a general emergency contact, all students residing in on-campus student housing facilities have the option to annually register confidential contact information for a person to be notified by the College in the event the student is officially reported as missing. The College will ensure that all students are able to update their contact information whenever needed. These procedures and registration process are communicated to students when registering each academic year. The contact information will be confidential, accessible only by authorized campus officials and law enforcement, and may not be disclosed outside a missing person investigation.

If a student has identified such an individual, DPS, or Residence Life officials will notify that individual no later than 24 hours after the student is determined to be missing.

If a member of the College community has reason to believe that a student who resides in on-campus student housing has been missing for 24-hours, they should notify:

- Call the Department of Public Safety by dialing (610) 861-5588, or
- Report in person to the Department of Public Safety at the Public Safety office located next to the Residence Hall,
- Contact the Associate Dean of Student Life at 610-332-6075, or
- Contact the Office of Residence Life at 610-861-5324, in person at the Student Affairs Suite located in College Center Suite 220

All missing student reports must be referred immediately to the Department of Public Safety (DPS) at 610-861-5588. DPS will generate a Missing Person report and initiate an investigation.

After investigating the Missing Person report, should DPS determine that the student is missing and has been missing for more than 24 hours (regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor), DPS will notify the local law enforcement authority with jurisdiction and the student’s emergency contact no later than 24 hours after the student is determined to be missing, unless the local law enforcement agency was the entity that made the determination that the student was missing.

If the missing person is under the age of 18 and is not an emancipated individual, DPS or a representative from Residence Life must and will notify the student’s custodial parent or legal guardian, the missing person contact, and the local law enforcement agency with jurisdiction immediately after DPS has determined that the student has been missing for more than 24 hours, in addition to notifying any additional contact person designated by the student.

If a student has been determined missing for more than 24 hours, in addition to the above notifications, specific procedures to follow include: contacting the student’s RAs, checking with emergency health care providers, and taking such other investigative actions as are appropriate under the circumstances. The College will implement these procedures in less than 24 hours if circumstances warrant a faster implementation.
When investigating a missing student report, college staff may enter the resident’s assigned room and talk with associates to gather information on the missing student. The College may also issue an ID picture to assist in identifying the student. Vehicle registration information may be utilized for vehicle location and distribution to authorities.
