Program Narrative:

- NCC's Fine Art program helps students explore their artistic interests and develop their personal strengths. Creativity is encouraged through discovery while building strong foundation skills in visual literacy. Along the way, students are developing portfolio material drawn from classes in design, drawing, painting, printmaking, ceramics, sculpture, photography, and digital media to prepare for transfer to a four-year college, university or art school.
- In the final semester, the Individual Studio/Professional Practices course gives students the opportunity to develop a self-directed body of work and gain a greater knowledge of the art world through visits to museums, galleries and art centers in New York City, Philadelphia and the Lehigh Valley. In addition, students will speak with curators, gallery directors, art museum personnel and a visiting professional artist who will help guide and critique their work.

Program Learning Outcomes: Graduates of the program will:

- Create artworks using basic art media, demonstrating core techniques, with proficient craftsmanship.
- Utilize design, i.e. the elements of art and principles of organization, in the creation of successful artworks.
- Demonstrate creativity, by synthesizing knowledge and imagination in form, style, and content.
- Recognize and use the technical and aesthetic terminology of the fine arts.
- Develop and use critical thinking skills to analyze artworks, both in speaking and writing.
- Have prepared a comprehensive portfolio of high quality artworks for transfer to four-year colleges, universities, or art school.

Transfer Information: NCC Fine Art graduates have transferred to:

Kutztown University	East Stroudsburg University
Millersville University	Moravian College
Cedar Crest College	University of the Arts (UArts)
Tyler School of Art/Temple University	School of Visual Arts (SVA)
